

UTILEV[®]
THE UTILITY
LIFT TRUCK[™]

Range Overview

Simple. Easy. Affordable

Utility you can trust[™]

www.utilev.com

The UTILEV® range of affordable forklift trucks delivers reliable and cost-effective materials handling solutions for applications across many industries.

These trucks deliver peace-of-mind with an uncomplicated approach to materials handling.

Simple to Use

The ergonomically designed operator compartment, with a familiar automotive layout, means that drivers will be able to work comfortably, preventing tiredness during handling operations.

A range of standard features and options help to ensure that the truck is configured to the needs of the application.

Easy to Maintain

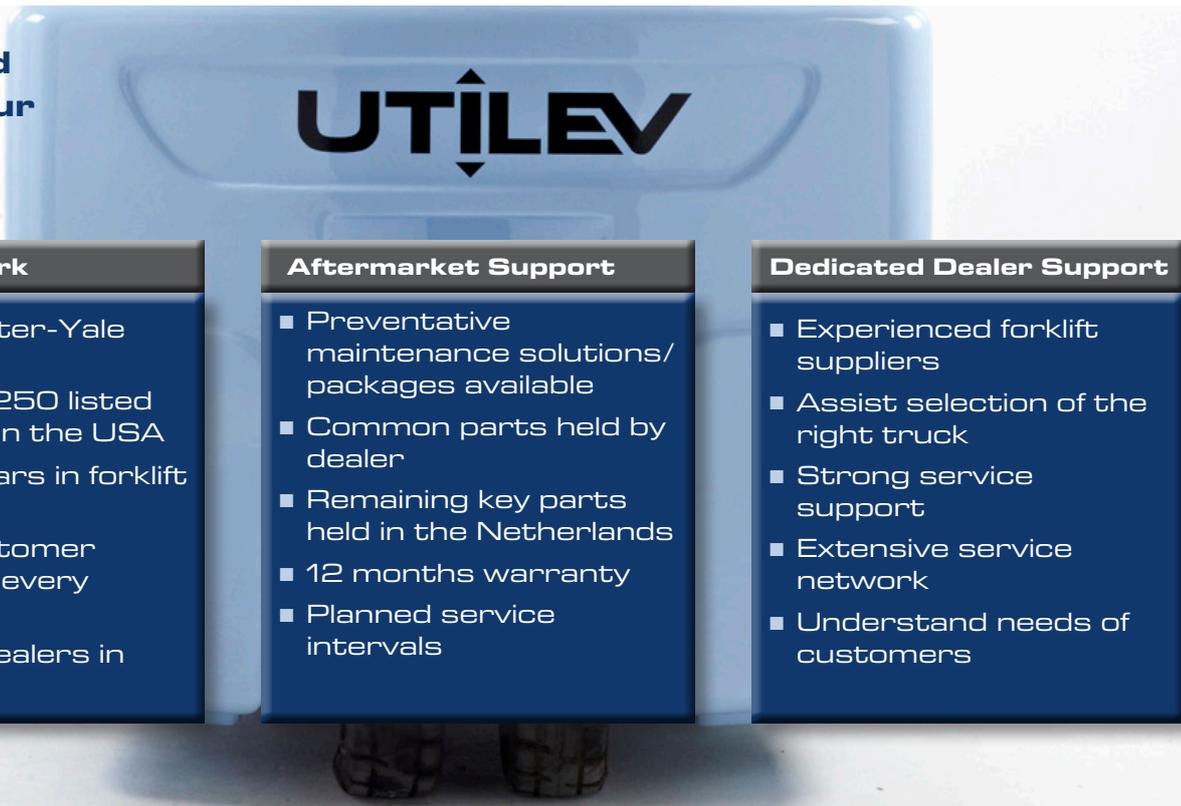

Thanks to the simplicity of the components and specification, servicing can be carried out quickly and easily, even when PCs, laptops or diagnostic tools are not available.

Affordable to Own

The use of proven, high quality, robust components, efficient filtration and excellent cooling result in reliable operation and reduce wear and tear costs.

What will you get when you purchase a UTILEV forklift truck?

- A truck with a low purchase price that delivers reliable performance and has strong back-up from the local dealer.
- A truck that meets the handling requirements of a wide range of applications across a diverse array of industries.
- A truck with all the necessary features for the majority of customer needs.

Typical examples of industries using these trucks are; agriculture, retail, rental companies, DIY & garden centres, small fleet users, small-scale manufacturing and workshops, small warehouses and freight forwarders and local government.

How does UTILEV assure customer peace of mind?

- UTILEV parts are stocked in the Hyster-Yale Group EMEA Parts Distribution Centre, located in the Netherlands, handling a stock of more than 3 million parts at any time. Its strategic location ensures fast and efficient dispatch to any location in EMEA.
- Our Aftermarket Support Team in Nijmegen offers the following services to UTILEV customers:
 - 6,600m² warehouse space
 - 55,000 individual SKUs (stock keeping units)
 - 137,000 parts moved per day
 - 24/7 access to parts information & ordering
 - Over 95% immediate parts availability
 - Provision of technical service and parts manuals
 - 80% of parts shipped on the same day
 - Reliable and responsible back-office support

 Simple,  Easy,  Affordable.

Range Overview

A range of trucks for all types of applications from 3 and 4 wheel electric through to internal combustion engine trucks, with capacities from 1300kg to 3,500kg.

UT13-20PTE

1300kg - 2000kg, Electric

A small turning circle (585mm) and efficient 48v battery makes the PTE range ideal for indoor operations. The truck is commonly found in:

- Small warehouses
- Electronics manufacturing
- Textile manufacturing
- Food production facilities

UT18-35PFE

1800kg - 3500kg, Electric

The PFE range offers strong performance and is ideal for operations where the truck is required to work both indoors and outdoors:

- Home Improvement stores
- Garden Centres
- Small Logistics centres
- Food production yard operations

UT15-18P

1500kg - 1750kg, Diesel/LPG/Dual Fuel

A rugged truck, with small dimensions, the UT15-18P is ideal for handling smaller loads. The truck is commonly found in:

- Small Agricultural sites
- Automotive parts providers
- Small building goods suppliers
- Furniture manufacturing

UT20-35P

2000kg - 3500kg, Diesel/LPG/Dual-Fuel

The most popular truck in the UTILEV range, the UT20-35P is available with a range of fuel types:

- Agricultural sites
- Manufacturing
- Building materials suppliers
- Retail operations
- Freight forwarders

Servicing

UTILEV® trucks have been designed to be easy to service and maintain, with a focus on minimising both downtime and service costs.

Specified to Meet Your Needs

The simple specification allows qualified mechanics to conduct checks, carry out routine maintenance and repair faults.

Customers can decide whether to service the trucks themselves or call on the expertise of the service personnel at their local dealer for UTILEV trucks.

Clever Design

Design elements include the easily removable two-piece floor plate and quick release bonnet catch. These features, combined with regularly serviceable items in easy to reach positions, enable fast, efficient and low cost maintenance to be undertaken.

Powertrain service is quick and easy and first time fix rates are high.

Technical Support

Comprehensive technical support is always on-hand from the authorised dealer for UTILEV trucks.

Dealer Network

Peace of Mind

The UTILEV® product range is backed by a network of independent, experienced dealers, who offer a wide range of support services to their customers.

Quality of Service

Authorised dealers for UTILEV trucks are selected for their expert understanding of the requirements of materials handling applications.

Added Value

An authorised dealer for UTILEV trucks provides a local, personal service to its customers, offering sales advice, including application surveys. This ensures you select the right truck for your operation. The dealer will develop service and maintenance programmes, and provide technical advice and training, tailored to your needs.

The UTILEV® range of affordable forklift trucks delivers reliable and cost-effective materials handling solutions.

The uncomplicated approach to materials handling delivers peace-of-mind.
